Mail a copy of this letter with your Happy Birthday \$20 gift to the person in Position #1 if your birthday is between January 1 and June 30. Or if your birthday is between July 1 and December 31 mail your Happy Birthday \$20 gift to the person in Position #2. Then Replace the name you sent your \$20 gift to with your name and address (typed or address label O.K.) and start mailing your Happy Birthday 200 Gift Club letters.

When only 1% (2 people) respond to your 200 letters, you can receive \$40 and have as many as 400 more Happy Birthday Letters mailed with your name in them. And when only 1% respond to those 400 letters you can receive \$80. This is the gift that keeps on giving.

In a few weeks you should be receiving hundreds of \$20 gifts, because most people respond to its low investment, speed and high profit potential. Use fresh, new Direct Mail Names.
